19th October, 2016

MESSAGE

Dear Colleagues,

As we all know, every year Vigilance Awareness Week is observed in different government organisations across the country as per the directives of the Central Vigilance Commission (CVC). This time, the Vigilance Awareness Week is being observed from 31st October to 5th November, 2016, where the CVC is propagating the idea of "Public participation in promoting integrity and eradicating Corruption".

Corruption is a serious unethical practice that undermines trust and confidence in public officials. Public confidence can be gained only by integrity in governance. If we really have to build a transparent system and promote integrity to sustain the fight against corruption in our society, we have to thrust upon some of the basic prerequisites, such as – economic and social progress, rule of law, democratic values and a strong civil society.

Focussing on the theme of CVC this year, let each one of us take the initiative to combat corruption through participative efforts. Strategies are effective only in conjunction with Public Participation and not in isolation. Corruption has percolated down to all walks of life in the Indian Society and is eating away the fruits of development. Let us all Balmer Lawriens come together and unite against any potential or perceived threat being posed to our esteemed organisation, by corrupt activities or dishonest and amoral characters, through continual and sustained preventive and proactive measures.

My sincere thanks to our Chief Vigilance Officer, under whose leadership and guidance, the entire team of the Vigilance Department is dissipating a lot of awareness and continuously working to plug holes of the potential threats of corruption, thus encouraging transparency and fair play in the day to day functioning of the organisation. Let us actively participate in the Vigilance Awareness Week 2016 and recapitulate that UNITED WE STAND AGAINST CORRUPTION.

With warm regards,

Prabal Basu
