All the bills to be duly certified by the concerned BL officer in charge before payment is released.

BL shall place the Purchase order on the Lowest Quoted Bidder on Overall basis and as such it would be in the interest of the bidders to quote their most competitive price.

Negotiations, if held will be only with the lowest bidder.

Validity of the Contract:

The Contract if any awarded against this tender will be valid for approximately 6 **months from date of award of contract**. The quoted price should be firm throughout the contract period, or till the completion of the ordered quantity, whichever is later.

Delivery/Job Completion Period:

- Activation, dismantling, painting & loading in truck within 3 months from receiving PO (Purchase Order)/WO(Work Order)/LOI (Letter of Intent) from BL
- Unloading, positioning, Erection, commissioning & trial of machines within 4 months after site clearance from BL at Vadodara.
- Total job to be completed within 5 months from date of award of contract.

LIQUIDATED DAMAGE (LD):

In case, the successful bidder fails to supply and execute services within the stipulated period as per the Purchase Order, Liquidated Damages will be imposed @ 0.50% of the Total Purchase Order Value, per completed week up to a maximum of 5% of the total Purchase Order value

GENERAL TERMS AND CONDITIONS

Introduction

The bidder means the firm or company with whom the order is placed and shall be deemed to include the bidder, successors, representatives, heirs, executors and administrators.

Whenever there is a duplication of clause in the terms and conditions, the clause which is beneficial to BL will be considered applicable at the time of any dispute.

Scope of Supply

Scope of work for the tender shall be as mentioned in Annexure II.

Reference for Documentation

Purchase Order Number must appear on all correspondence, drawings, invoices, packing and on any documents or papers connected with the order.

Confirmation of Order

The successful bidder shall acknowledge the receipt of purchase order within 10 days following the mailing of this order in writing or through email and shall thereby confirm his acceptance of purchase order in entirety without exceptions

Payment Terms

The terms of payment are as mentioned in Payment Terms under Special Terms & Conditions of the Tender.

Rejection of Bids

The bid of any bidder may be rejected if a conflict of interest between the bidder and BL is detected at any state. BL reserves the right to accept any tender in whole or in part and reject any or all tenders without assigning any reason. The decision of BL in this connection will be final.

Delays

Delay in Bidding

Late tenders / delayed tenders including postal delay and those not conforming to the prescribed terms and conditions will not be considered.

Bidder needs to ensure that both the Technical/Pre-Qualification as well as Price bids are submitted on or before the Tender closing date and time. Failure to submit either of the two (i.e. Technical/Pre-Qualification as well as Price bid) shall call for immediate disqualification and the Technical/Pre-Qualification bid will not be considered for further evaluation

Delay in Delivery/Completion of the job

The bidder shall ensure to complete the delivery/complete the job as mentioned in the scope of work within the stipulated time as mentioned in Delivery/Job Completion Period under Special Terms & Conditions of the Tender. Delays in delivery or completion will attract Liquidated damages as mentioned in Special Terms & Conditions Clause of the Tender document.

Delay due to Force Majeure

If at any time during the continuance of this contract, the performance in whole or part by either party of any obligation under this contract shall be prevented or delayed by reasons of any war, hostility, acts of public enemy, civil commotion, sabotage, fires, floods, explosions, epidemics, quarantine restrictions or acts of God (hereinafter referred to as events) then provided notice of the happening any such events if given by either party to the other within 21 days from the date of occurrence thereof neither party shall be by reason of such event be entitled to terminate this contract nor shall either party have any claim for damage against the other in respect of such non-

performance or delay in performance and deliveries under the contract shall be resumed as soon as practicable after such event has come to an end or ceased to exist and decision of the HEAD (IP), Balmer Lawrie & Co. Ltd., as to whether the deliveries has been so resumed or not shall be final and conclusive, provided further that if the performance in whole or part of any obligation under this contract is prevented or delayed by reasons of any such event for period exceeding 60 days, either party may at its option terminate the agreement.

Sub-Contracts

The successful bidder shall not assign the Contract in whole or part without obtaining the prior written consent of BL. The bidder shall, notwithstanding the consent and assignment, remain jointly and severally liable and responsible to BL together with the assignee, for and in respect of the due performance of the contract and the bidder's obligations there under.

WORKMEN COMPENSATION

In case the contract labors engaged by contractor are not covered under ESI Act, 1948, then the Contractor shall organize insurance coverage through Workmen's Compensation Insurance Policy as per the Workmen's Compensation Act and any other Industrial Legislation that may be applicable, from time to time, for the prescribed amount of sum assured providing for payment of compensation in the event of death, injury or accident to persons engaged in course of or in connection with employment. The cost of the Workmen's Compensation Policy will be borne by the Contractor.

Control Regulations

Successful bidder warrants that all goods/materials covered by this order have been produced, sold, despatched, delivered and furnished in strict compliance with all applicable laws regulations, labour agreement, working conditions and technical codes and statutory requirements as applicable from time to time. All laws and regulations required to be incorporated in executing this tender are hereby deemed to be incorporated by this reference. Owner can disown any responsibility for any irregularity or contravention of any of the statutory regulations in the manufacture or supply of goods covered in the order. The Bidder shall ensure compliance with the above and shall indemnify tenderer against any actions, damages, costs and expenses of any failure to comply as aforesaid.

The successful bidder will be responsible for the welfare and discipline of his employees inside our factory. He must also undertake to comply with all statutory regulations for employment of his employees. Any expenses incurred by us under these regulations will have to be reimbursed by him. The successful bidder will be deemed to be the ultimate employer of his men.

General Obligations regarding workmen engaged by the successful bidder for working inside the factory / office premises.

a. Workmen will be engaged by the Successful bidder based on the work to be carried out from time to time. The General Obligations of the Successful bidder in this respect are given hereunder. However, the following details / statement of obligations are not exhaustive.

b. The successful bidder will ensure that all legal requirement in relation to Contract Labour (R&A) Act 1970, Workmen Compensation Act, ESI Act, Provident Fund & Miscellaneous Provision Act, Bonus Act and other laws as applicable to the Company from time to time are complied with by the Successful bidder.

c. The successful bidder will ensure and carryout his job safely. The Successful bidder will be liable to Company for any damage to the properties of the Company by the Successful bidder or his agent /employees while carrying out the job as detailed above and make good the same to the Company through payment as may be by the Company.

d. Workmen employed by the Successful bidder will be directly supervised and controlled by the Successful bidder.

e. The Company will not be responsible for any liabilities towards the workmen employed by the Successful bidder.

f. The Successful bidder will ensure that his employees wear the safety appliances provided by the Successful bidder and that adequate safety precautions are taken by them while carrying out their work in the factory premises.

g. The Successful bidder will make his own arrangements for their transport, food and accommodation and any other facility if required for their employees both at Sewree & Vadodara site.

- h. The Successful bidder will provide the company a list of his workmen who are required to carry out the work within the factory premises against which the Company will be providing them with fate passes. The Successful bidder's workmen will have to furnish the same at the Security check for entry into the premises. The Successful bidder will ensure that workers other than the names registered by them with the company / authorities are not employed.
- i. The Successful bidder will be responsible for discipline and behaviour of their workers. The Successful bidder will also ensure that a responsible Supervisor is always present at the work site who will report to the Company on daily basis.
- j. Wherever any dispute regarding the job arises, the decision of the Officer-in-Charge would be final and binding on the Contractor.
- k. The labour engaged by the Contractor shall conduct them self soberly and temperately while on duty. The Labour shall not indulge in any acts of in-discipline, in-subordination or rowdiesm..
- l. While being on duty, if the Contractor's workmen sustain any injury, the responsibility for providing treatment or payment of compensation, as the case may be, shall lie on the Contractor only.
- m. In case of labour unrest or dispute arising out of the non-implementation of any law, rules or award or applicable condition or for any other cause the responsibility shall solely lie with the Contractor to ensure that continuity, quality and efficiency of the work and to ensure that the unrest or dispute is quickly and efficiently resolved. The Contractor shall keep the Company and its employees indemnified from and against any loss or damage to person or property and shall take all measures necessary to protect the person or property of Company at his risk and cost.

Termination

Without prejudice to BL's right or remedy available to BL, BL may terminate the Contract of any part thereof by a written notice to the bidder if :

- i. The bidder fails to comply with any material term of the Contract.
- ii. The bidder informs BL of its inability to deliver the item or any part thereof within the stipulated Delivery Period or such inability otherwise becomes apparent.
- iii. The bidder fails to deliver the item within the stipulated Delivery Period and/or to replace any rejected or defective material promptly.
- iv. The bidder becomes bankrupt or goes into liquidation.
- v. The bidder makes a general assignment for the benefit of creditors.
- vi. A receiver is appointed for any substantial property owned by the bidder.
- vii. The bidder has misrepresented to BL, acting on which misrepresentation, BL has placed the Purchase Order on the bidder.

Upon receipt of said termination notice, the bidder shall immediately stop supply.

On termination of the contract, without prejudice to any other right or remedy available to BL under the contract, in the event of BL suffering any loss on account of delayed delivery or non-delivery, BL reserves the right to claim and recover damages from the bidder in respect thereof. The EMD / Security Deposit will be forfeited

Arbitration

Any dispute or difference arising under this Contract shall be referred under jurisdiction of Kolkata to a sole arbitrator to be appointed by the Chairman & Managing Director, Balmer Lawrie & Co. Limited and the provisions of Arbitration Act, 1996 including any statutory modifications or enactment thereof shall apply to the Arbitration proceedings. The fees of the arbitrator, if any, shall be shared equally by both the parties. The award shall be a speaking award stating reason therefor and is final & binding on the parties. The proceeding shall be conducted in English language and courts at Kolkata will have exclusive jurisdiction to settle any dispute arising out of this contract.

Safety Code & Practices:

Housekeeping

Contractors shall ensure that their work area is kept clean tidy and free from debris. The work areas must be cleaned on a daily basis. Any disposal of waste shall be done by the Contractor.

All equipment, materials and vehicles shall be stored in an orderly manner. Access to emergency equipment, exits, telephones, safety showers, eye washes, fire extinguishers, pull boxes, fire hoses, etc. shall not be blocked or disturbed.

Confined Space

Before commencing Work in a confined space the Contractor must obtain from Owner a Permit to Work, the Permit to Work will define the requirements to be followed.

As minimum Contractors must ensure the following:

- Confined spaces are kept identified and marked by a sign near the entrance(s).
- Adequate ventilation is provided
- Adequate emergency provisions are in place
- Appropriate air monitoring is performed to ensure oxygen is above 20%.
- Persons are provided with Confined Space training
- All necessary equipment and support personnel required to enter a Confined Space is provided.

Tools, Equipment and Machinery

The Contractor must ensure that all tools & equipment provided for use during the Work is:

- suitable for its intended use;
- safe for use, maintained in a safe condition and where necessary inspected to ensure this remains the case (any inspection must be carried out by a competent person and records shall be available);
- Used only by people who have received adequate information, instruction and training to use the tool or equipment.
- Provided with Earth leakage circuit breaker (ELCBs) at all times when using electric power cords. Use of electrical tape for temporary repairs is prohibited.

Working at Height

Any Work undertaken where there is a risk of fall and injury is considered to be working at height. For any Contractor Personnel working at height, Contractors shall provide fall prevention whenever possible and fall protection only when fall prevention is not practicable. Before commencing Work in a height the Contractor must obtain from Owner a Permit to Work, the Permit to Work will define the requirements to be followed. Supervisor must be present at all point of time, to ensure no deviation occur during the course of work.

Fall Prevention System

Fall prevention systems (e.g. fixed guardrails, scaffolds, elevated work platforms) must provide protection for areas with open sides, including exposed floor openings.

Fall Protection Systems

Where fall protection systems are used then the Contractor must ensure the following is applied:

- Only approved full body harness and two shock-absorbing lanyards are used,
- Prior establishment of a rescue plan for the immediate rescue of an employee in the event they experience a fall while using the system,
- Anchorage points must be at waist level or higher; and capable of supporting at least the attached weight,
- Lifeline systems must be approved by Owner before use.
- Use of ISI marked industrial helmet at all point of time.

Scaffolding

All scaffolds shall subject to a documented inspection by a competent person and clearly marked prior to use. The footings or anchorage for scaffolds shall be sound, rigid and capable of carrying the

maximum intended load without settling or displacement. All scaffolding materials should be of MS tubular type.

Guardrails and toe-boards shall be installed on all open sides and ends of scaffold platforms. Scaffolds shall be provided with an access ladder or equivalent safe access. Contractor Personnel shall not climb or work from scaffold handrails, mid-rails or brace members.

Stairways and Ladders

- Ladders should only be used for light duty, short-term work or access in line with the below and the Site Requirements.
- Fabricated ladders are prohibited.
- Ladders will be secured to keep them from shifting, slipping, being knocked or blown over.
- Ladders will never be tied to facility services piping, conduits, or ventilation ducting.
- Ladders will be lowered and securely stored at the end of each workday.
- Ladders shall be maintained free of oil, grease and other slipping hazards
- Ladders will be visually inspected by a competent person and approved for use before being put into service. Each user shall inspect ladders visually before using.
- Ladders with structural defects shall be tagged "Do Not Use," immediately taken out of service, and removed from the Site by the end of the day.

Lifting Operations

Cranes and Hoisting Equipment

- Contractors shall operate and maintain cranes and hoisting equipment in accordance with manufacturer's specifications and legal requirements.
- Only Contractor Personnel trained in the use of cranes and hoists are permitted to use them.

Lifting Equipment and Accessories

All lifting equipment / accessories e.g., slings, chains, webbing, chain blocks, winches, jacks etc shall be indicated with their safe working load have an identification number visible on the unit and be inspected and tested in accordance with legal requirements.

Damaged equipment / accessories and equipment shall be tagged "out of use" and immediately removed from Site.

Lockout Tag out ("LOTO")

Prior to performing work on machines or equipment, the Contractor shall ensure that it is familiar with LOTO and Permit to Work procedures and that all of its affected Contractor Personnel receive the necessary training.

Barricades

Floor openings, stairwells, platforms and walkways, and trenching where a person can fall any distance shall be adequately barricaded and where necessary, well lit. Where there is a risk of injury from a fall then rigid barriers must be used.

Barricades must also be used to prevent personnel entering an area where risk of injury is high e.g., during overhead work activity or electrical testing etc. Such barricading must provide clear visual warning..

Compressed Gas Cylinders

Gas cylinder shall be securely stored and transported, and identified and used in line with the local requirements. Hose lines shall be inspected and tested for leaks in line with local requirements. Flash Back arrestor to be used to prevent any explosion due to back fire.

Electrical Safety

Prior to undertaking any work on live electrical equipment the Contractor must obtain a Permit to Work from Owner. Where ever possible live work should be avoided. Any control measures highlighted shall be implemented prior to work commencing.

The below measures will be taken:

- Work practices must protect against direct or indirect body contact by means of tools or materials and be suitable for work conditions and the exposed voltage level.
- Energized panels will be closed after normal working hours and whenever they are unattended. Temporary wiring will be de-energized when not in use.
- Only qualified electrical Contractor Personnel may enter substations and/or transformer and only after being specifically authorized by Owner.

Hot Works

A Permit to Work must be obtained from Owner prior to any hot works (welding, grinding, open flame work). Suitable fire extinguishing equipment shall be immediately available. Objects to be welded, cut or heated shall be moved to a designated safe location, or, if they cannot be readily moved, all movable fire hazards in the vicinity shall be taken to a safe place. Personnel working around or below the hot works shall be protected from falling or flying objects.

Prior to the use of temporary propane or resistance heating devices approval must be obtained from Owner.

Trenching, Excavating, Drilling and Concreting

A Permit to Work must be obtained from Owner and all underground lines, equipment and electrical cables shall be identified and located prior to beginning the work. The Contractor shall assign a competent Contractor Personnel to all trenching and excavation work.

Safe means of access and egress shall be located in trench excavations. Daily inspections shall be conducted by a competent Contractor Personnel for evidence of a situation that could result in possible cave-ins, indications of failure of protective systems or other hazardous conditions.

Physical barriers shall be placed around or over trenches and excavations. Flashing light barriers shall be provided at night.

Environmental Requirements

Waste Management

The Contractor is responsible to remove any waste generated by the work being done on the Site. The Contractor must dispose of the waste in line with the relevant local legislative requirements. The waste disposal route shall be documented and made available for Owner to review at any time and may be subject to Owner's prior approval.

Wastes (includes rinse from washing of equipment, PPE, tools, etc) are not to be poured into sinks, drains, toilets, or storm sewers, or onto the ground. Solid or liquid wastes that are hazardous or regulated in any way are not to be disposed of in general site waste receptacles.

Spills

The Contractor is responsible for the provision of adequate spill kits/protection and the clean up and disposal costs arising from such spills.

Emissions

The Contractor shall identify and quantify any emission sources associated with the Works. The control measures associated with these emission shall be subject to the approval of Owner's Emissions include but are not limited to noise, dust, fumes, vapours.

PENALTIES IN CASE OF NON-COMPLIANCE OF SAFETY/ HEALTH/ ENVIRONMENT NORMS, RULES & REGULATIONS

The contractor has to follow all norms, rules and regulations related to safety, health and environment, In case of non-compliance of any one of these norms, rules and regulations by contractor's employee, the contractor shall be held responsible. If any violation or non-fulfilment of these norms, rules and regulation is observed by the Company's authority during checking at any time, a penalty of Rs 5000/- shall be imposed on the contractor for each occasion of non-compliance to these rules and regulations by him or his employees. The decision of the Company's authority shall be final and binding on to the contractor in this regard. The amount of penalties so imposed shall be recovered from the next RA Bill of the work or any other dues payable to the contractor by the authority.

Control Regulations

Successful bidder warrants that all goods/materials covered by this order have been produced, sold, dispatched, delivered and furnished in strict compliance with all applicable laws regulations, labour agreement, working conditions and technical codes and statutory requirements as applicable from time to time. All laws and regulations required to be incorporated in executing this tender are hereby deemed to be incorporated by this reference. Owner can disown any responsibility for any irregularity or contravention of any of the statutory regulations in the manufacture or supply of goods covered in the order. The Bidder shall ensure compliance with the above and shall indemnify tenderer against any actions, damages, costs and expenses of any failure to comply as aforesaid.
